[Summary]

With 20 years of experience in motion design, editing, and 3D artistry, and a focus on VFX compositing since 2019, I've combined my creative and technical skills to deliver high-quality work. I'm also skilled in Python, having developed tools to streamline workflows in Nuke, Nuke Studio, and Hiero. I'm excited about the opportunity to contribute my skills to your team and would love to discuss how I can support your studio's needs.
